

Getting Started

At your discretion the outreaches can be scheduled weekly, biweekly or monthly. I am available to assist you with every outreach. My goal is to identify and work with those who go out on the outreaches who are able and called to lead evangelistic outreaches independently. I will be physically there during the first outreaches and after this I will be available by phone or email. Consistency is the key, I will stay in touch with leadership, answering questions and working through any issues that might arise.

Plan of Action

Publicize outreach events through flyers and announcements one to two weeks before the event. If you feel it is needed, I am available to minister at any service on evangelism.

On the Soul-Saving Saturday this is what normally happens around 10:30 am.

- Training Session - 30-45 minutes
- Assign teams and team leaders
- Provide mapped out assignments
- Practice Soul-winning Script - 10 minutes
- Group prayer - 5+ minutes
- Engagement in Soul Winning - 1 hour & 30 minutes
- Meet and close out outreach - Gather, share testimonies, fill out reports & pray - 5+ minutes

During the following church service announce the soul count and allow for testimonies of outreach experiences to stir more interest. Publicize the next outreach through flyers and announcements

Here is a suggested advertisement

Win The Lost At Any Cost! Join us to bring in a harvest of souls for the Kingdom of God by proclaiming the life-changing message of the Lord Jesus Christ. **No experience necessary**, we will train you in evangelism before you hit the streets to win the lost! Come join us and let us show you how easy it is to win souls for heaven! Don't miss out! Join us this week! Join us this Saturday @ 10:30am.

My Fee

Absolutely positively nothing! No matter how much work, planning or contacts. I am not expecting nor desire any type of compensation. Souls is the currency of heaven, this will be the payout for all of us!

Resources

Resources such as copy machines, an indoor meeting place or transportation for larger groups is greatly welcomed. These are usually the only expenses that would be involved. However, if any of these resources are not available we can certainly complete the outreach with no problems.

Do you have more Questions

Please feel free to contact with any questions by email or phone. I would be happy to explain anything in detail with you and provide more information. Thank you and I look forward to getting started!
