

## **RESPONSIBILITIES of those who participate in the outreaches**

To accomplish the great commission we must be unified and be available to minister to one another. Our job here on earth is to preach the good news of Jesus, release people from the clutches of the kingdom of darkness through the Gospel of Jesus Christ, connect them to the Father heart of God and be an eyewitness of heaven reaching out for that one lost sheep! The following are responsibilities to help the team walk in unity. Every first-time attendee will sign a statement of agreement, release from liability and provide their contact information for future outreaches which will be turned over to the leader of the outreach.
